- 490 Education notes
- 491 Publications
- 493 Special supplement. Cost of disease and illness in the United States in the year 2000. Public Services Laboratory, Georgetown University
PHR Bookshelf (cover 3)

Cover: Residues of dieldrin on foliage in the vineyards were associated with illnesses of 86 grape pickers in Madera County, Calif. Poor communications between employers and workers, employer and regulating agencies, and physicians and regulating agencies contributed to the unnecessary illnesses.
